**MOTION TO STRIKE DOCKET 998 “RESPONSE IN
OPPOSITION RE 986 APPLICATION TO APPEAL IN
FORMA PAUPERIS FILED BY ALL PLAINTIFFS”, Doc
998**

Objector requests that Plaintiffs filing, "RESPONSE in Opposition re [986] APPLICATION to Appeal in forma pauperis filed by ALL PLAINTIFFS", Doc 998 filed on February 24, 2020 be stricken from the record. Plaintiffs failed to mail me a copy of that document on the same day they filed it with the court as evidenced on the last page of their pathetic ranting filing making it defective. The additional evidence of their missed filing date is the amended Certificate of Service; Doc 1001 dated 02/26/20 filed two days later but I already responded on 02/25/20 and was delivered today.

Plaintiffs' lawyers, led by Mr. Canfield, should have voluntarily withdrawn that document and refiled it properly when he realized they violated court rules by leaving out the service part of the procedure but instead intentionally filed an amended Certificate of Service. Their filing is defective, invalid, and another example of bad faith misconduct. They (he) also lied previously in writing about when my objection was filed which tricked the court into ignoring the reversible errors raised when the litigation should have been paused and instead an approval of a \$380 million through fraud the first example of bad faith misconduct, I see a bad pattern here. Taking my deposition for financial purposes is simply harassment and designed to force me out of the appeals process which is not going to happen, everything stated is true. I hereby certify under penalty of perjury that all of the above is true and accurate to the best of my knowledge.  Christopher Andrews, Pro se objector P.O.
